

Belvedere Spot Single F3 - Specification Sheet
 by Antonio Citterio w Toan Nguyen, 2007

Mounting

Lamp (Bulb) Description	1W 350 mA Power LED
Environment	Outdoor
Finish	Brown
Technical and Product Description	Device for exterior lighting with protection degree IP55 thought for situations that require a strongly detailed light with an adjustable projector or with lighting areas of a certain size, such as car parks or external residential areas. Available in stick version or with double or single head. Installation on floor through the choice of specific accessories possible. Discharge lamps G12 35W (excluded). The main components are made of low-copper-content aluminium alloy on which some galvanic treatments to protect against saline aggression have been applied. Other important features are the presence of a watertight box IP 68, with anti-humidity gel to connect to the power supply, apart from the watertight cable gland. Insulation class I. Electronic ballast is included.
