Year of design	2007
Material	PE
Additional	Can be optionally mounted onto a Container Foot. Container Foot sold separately. For indoor and outdoor use.

Detailing

Functional as a fabulous floral displays or wine cooling.

Colour

White

Black

Technical

The Container Vase is attached with a threaded intermediate component (supplied with the vase) that simply screws into place at the top of the Container Foot so that the Vase can then be screwed down on top (see fig.1)). Moooi does not recommend lifting the Vase and Container Foot whilst joined. This should be done whilst they are separated. Moooi recommends filling the foot with sand but, if water is used, be sure to add anti-algae agents to the water and anti-freeze during cold seasons. The Container Foot must be filled by at least 70%.

Packaging

Vase

H 45 cm | 17.7"

6 KG | 13,2 lb

Cleaning Instructions

Cleaning PE: any household cleaning liquid can be used in combination with a soft cloth, but avoid abrasive cleaner. For tough stains PVC cleaner is advised. PE is resistant to most common household chemicals.
