Escape the City

As fresh as a glass of milk this little stool
has countryside charm

The Heidi is a fun stool that takes its inspiration from the classic tractor seat and the rustic, three-legged, timber milking stool. Part modern statement, part nostalgia, the solid, colourful moulded seat is combined with a sturdy, geometric, timber-leg construction. An excellent kitchen stool, with three heights, any sized dining area can be furnished with a sophisticated splash of colour.

Heidi Sebastian Wrong
