

# MK98860 FOLDING TABLE – Design: Mogens Koch

---

---

## DESCRIPTION

The Folding Table was designed in 1960 as part of a series of folding furniture designed around Koch's Folding Chair from 1932. The Folding Table is a light and practical coffee table that can easily be folded together and stowed. A full-grain leather strap makes it possible to hang the table on a wall.

The folding table is available in oak and walnut with an oiled surface.

It is possible to adjust the table to work at two heights: 46,5 cm and 35 cm.

---

## ENVIRONMENTAL INFORMATION

Carl Hansen & Søn and sustainability

People's fascination of the combination of good design and wood, as well as other natural materials, is something that transcends time and fashion. At Carl Hansen & Søn, we believe that this fascination helps to explain the great interest in our furniture, and we take very seriously concerns about the sustainability of the natural resources upon which we depend for our products. That is why we strive every day to improve our production methods, logistics and sales efforts in respect of scarce natural resources.

We buy wood only from sustainably managed forests. All sourced wood meets EUTR 2013 regulations, Danish Forest Legislation and current international certifications. Oak, beech and ash come primarily from Danish forests which are managed according to the principles described in Denmark's National Forest Programme; some of these wood types are also sourced from other similarly managed European forests, or, in the case of walnut and cherry, North American forests.

We use every possible bit of these fine hardwoods in our furniture production. Inevitably, however, there are some scraps, which are then used to produce other products or recycled in district heating plants.

## THE DESIGNER

**Mogens Koch**, who is especially known for his furniture classics such as **the bookcase system** and **the Folding programme**, worked with Kaare Klint in 1925-30, and was professor at Kunstakademiet's Arkitektskole in Copenhagen in 1950-68. **Mogens Koch's** furniture design forms part of some of the most elegant and important solutions in terms of meeting the requirements to comfort, function and aesthetics and his furniture has been key to Rud. Rasmussen's production since 1932.

**Mogens Koch** worked within all aspects of architecture - housing plans, houses, monuments, furniture, textiles, silver and writing. **Mogens Koch's** works include only few objects but they are all essential, original and sometimes courageous or daring. There has always been special interaction between **Mogens Koch's** own life and the furniture he designed. None of them came into existence as artistic manifestos but arose from a given assignment and were created for a particular purpose. Thus, his bookcase was at first designed for his private home in Hulgårdsvej near Bellahøj in Copenhagen.

The small rooms in people's houses required a flexible bookcase or cabinet and in 1928 he drew the first sketches for the square bookcase which in the relatively small module of 76 cm x 76 cm provided great and varied functional usage.

**Koch was awarded numerous honorable prizes** - amongst others the
