

Nox

Nox embodies the playful and innovative energy of Alfredo Häberli in a softly beautiful portable luminaire. Named for 'night' in Latin, Nox in its very essence invites being moved around to embellish and brighten up everyday life, both indoors and outdoors.

Distinctive to Nox is its wireless charging system with induction technology, enabling this sophisticated and highly versatile lamp to be used unplugged. The luminaire is composed of four elements: a charging base, an anodized aluminium body containing the charging system, a hand-blown opaline glass diffuser and a simple handle.

Featuring a touch dimmer, Nox can

provide ample light for reading and a cosy soft light when dimmed. Ideal as a bedside lamp, Nox can be picked up and carried to the balcony, and with its rich materials it also seems perfectly at home on the dinner table. Nox is Alfredo Häberli's first lamp design for Astep. The internationally established designer is known for designs that combine tradition with innovation, thus exploring a creative landscape of crafts, interaction and evolution that is equally essential to Astep.

Nox is assembled in Italy of high-quality materials such as opaline glass and aluminium and provides up to fifteen hours of use when fully charged, leaving plenty of time to explore the night.
