

Scoop Copper

Scoop is designed to envelop the sitter in a comfortable shell and can be used as a dining or side chair. The seat is fully upholstered in black woven wool and sculpted with generous proportions to deliver maximum comfort.

Process	The fluid form of Scoop is achieved by applying upholstery to an injection-moulded hard foam shell. Copper plated steel legs create a stable support for Scoop.	
Year of Design	2014	
Material	Steel, Upholstery	
Product Code	Scoop High	SCH01C
	COM Copper Legs	SCH01CCOM
Product Code	Scoop Low	SCL01C
