

# Barrique 001 Planter

Design unPizzo

Technical Information

BARRIQUE is the original outdoor planter cover designed by UNPIZZO, a studio specialising in the creation of weaves for indoor and outdoor furniture. In the different formats of the modern iroko wood planters, the belts generate, as weave, a pattern complemented by the fine cordage forming rhombuses on the entire surface of the cylinder. BARRIQUE planters are available in three sizes, with narrow or wide slats and complementing belts and cords, in continuity with RODA's formal language. The fabric elements come in a wide range of colour combinations: solid colour, tone on tone or in two contrasting colours chosen from the full catalogue range.

**TECHNICAL INFORMATION**

**DESCRIPTION**  
Planter for outdoor use.

**STRUCTURE**  
Iroko.

**CORDS**  
Polyester or acrylic (cord Ø 3 mm).

**BELTS**  
Polyester (belt 16 mm).

**WEIGHT**  
Structure 5,5 kg

**DIMENSION**  
Ø 44 x H 40 cm  
Ø 17" 3/8 x H 15" 3/4

Design unPizzo

Technical Information

Wooden slats, cords and belts combine to create elegant new surfaces, designed for RODA by unPizzo, a research studio specialising in the creation of weaves for furniture.

In the various BARRIQUE formats, iroko wood becomes an unexpected texture and belting creates a pattern completed by the fine cordage that outlines diamonds on the entire surface of the cylinder. Structure and decoration thus become a whole made of different materials, with the wood discovering a new form and role in this finely crafted accessory.
