AVINO COLLECTION**CONTEMPORARY COLLECTION***designed by Cristina Celestino*

The Avino Collection designed by Cristina Celestino has been introduced into the cc-tapis catalogue. A unique capsule collection which was originally designed for the Palazzo Avino Hotel on the Amalfi Coast. A collection inspired by the natural elements of the iconic coastline: it's colors, textures, classicism and inherent beauty. Originally Celestino designed the rugs for the suites of the historic hotel and now in 2021 Celestino has adapted the designs for a collection which is available in the cc-tapis catalogue. The beautiful organic designs are created from linen, Himalayan wool and pure silk. Situated in Ravello on the Amalfi Coast, Palazzo Avino was originally built in the 12th century as a noble residence. The building has had many transformations over the centuries with the latest being from Cristina Celestino. Fresh designs which are articulated by monochromatic geometries and patterns, oversized floral designs from indigenous Mediterranean flora such as pomegranate fruit, citrus trees and asphodel flowers.

Cristina Celestino is an avid collector of masterpieces of Italian design and a curious investigator of objects: her work is based on observation and research. In her projects, driven by in-depth exploration of the potential of forms and functions, there are historical and contemporary references to the worlds of fashion, art and design. The fil rouge of her creations is clear, rigorous use of geometry, in a process of careful manipulation of traditional forms: her projects also feature variations of scale and brilliant little inventions, playing with conventional messages and hidden, unexpected meanings.
