

BMO488 | TABLE BENCH

BØRGE MOGENSEN

CARL HANSEN & SØN

DESCRIPTION

The BMO488S Table Bench is a shorter version of Børge Mogensen's famous bench with the characteristic woven seat, understated details and precise craftsmanship. It works well independently in the entrance hall or as a side table or combined with the longer BMO488 Table Bench in the living room or as a bedside table.

PRODUCTION PROCESS

All the wooden parts are done by machine and sanded and assembled by hand. After surface treatment of both frames and legs the frames are woven by hand and the legs are mounted.

DESIGNER

Børge Mogensen (1914–1972) was a pioneer in democratic design and was known as 'the people's designer' – partly due to his engaging personality, but also because he always designed quality furniture that was within people's reach. Mogensen's democratic design included simple and functional wooden furniture, with calm aesthetics and strong construction from quality materials.
