

RF200 | PETAL LAMP

RIKKE FROST

CARL HANSEN & SØN

DESCRIPTION

Rikke Frost created the RF200 Table Lamp with its artful look inspired by the trunk and crown of a tree. Perfectly balancing warm wood and cool metal, the versatile design can be configured in no less than nine different ways, allowing you to tailor its expression to any interior.

PRODUCTION PROCESS

All wood parts of the lamp are crafted by machine then sanded and assembled by hand. The shade is laser cut, machine press bended, grinded and finally surface treated.

DESIGNER

Danish designer Rikke Frost (b. 1973) has always been curious about the combination of different craft traditions and types of material, a fact clearly reflected in her design portfolio where traditional and contemporary design is expressed in sofas, tables, chairs and lamps with an organic idiom. Rikke Frost has been nominated for, and won, several prestigious awards.

MATERIALS

- Shade: White powder coated aluminum, brushed brass, brushed aluminum
- Base: Oak with black or oil treatment. Walnut with oil treatment.
- Cord: Black fabric cord with switch

PREASSEMBLED

No – shades must be mounted on the wood base.

DIMENSIONS

- H: 20 x D: 20 x W: 20 cm
- Cord: 2.5 m

WEIGHT

- 0,9 kg w. aluminum Shades
- 2,15 kg w. brass Shades

PACKAGING

- No. of boxes: 2
- Box base H: 11 x W: 21 x L: 26 cm
- Box Shade: H: 11 x W: 21 x L: 26 cm
- Gross weight: aluminium / brass
1,4 kg / 2,65 kg

BULB INCLUDED

No

DIMMABLE FUNCTION

No

TEST & CERTIFICATIONS

FSC™-certified oak (FSC C135991)
