Skynest Motion , Brick Red - Specification sheet

By Marcel Wanders , 2022

Mounting	Suspension
Environments	Indoor dry location
Dimming Protocol	Dimmer Integrated
Finish	Brick Red
Technical and Product Description	Diffuse lighting hanging appliance. The dome is a combination of luminous and dark elements arranged into a network and formed of core structures covered with a thin interwoven colourful tubular mesh made from recycled and recyclable fabric produced from polyester. Every single luminous element is powered by special micro-connectors located at the top of the dome and is covered with a two-tone mesh, while the side facing the inside of the dome is always white in order to allow for optimal light emission from the LED module. The appliance is fitted with a built-in balancing system at the top of the dome which helps adjust its balance, making it perfectly stable. The bottom of the dome is completed by an aluminium ring that keeps the domes entire network structure in place through a simple snap-fit system. The product is assembled with absolutely no glue so it can be fully separated to be recycled in the future and in case of any repairs or replacements. Available lamp finishes: Blue Tourmaline, Almond, Anthracite or Brick Red. Plastic structure painted with the same finish as the lamp, fitted with built-in electronics and dimmer.

Electrical

Voltage	100-240/48
Switching	Yes Integrated

Physical

Cord Length (inches)	236 - Brick Red
Weight	13.23 lbs

F6394035 Brick Red
