

Johnny B. Good

INGO MAURER, BERNHARD DESSECKER 2002

Height adjustable hanging lamp with special bulb, Ø 10 cm, glass socket, white shade ring made of heat-resistant PTFE, plastic.

Light source

For special bulbs, produced exclusively for Ingo Maurer GmbH. 230 volts version: choice of halogen bulb from stock or LED string bulb (220 - 240 V), 10 W, 2700 K, 910 lm, CRI>90, 25.000 h, E27, EEC A+. For 125 volts: halogen bulb available.

Technical data

For 100 - 240 volts

More info

For ceiling heights up to 550 cm. We recommend the use of an external dimmer recommended, also as it lengthens the durability of the halogen bulb. LED string bulb for 220-240 volts available. The version with red cable and sensor switch is out of production. (As of November 2017)
