

**Oop's 2**  
INGO MAURER & TEAM 2019

With the small wall lamp OOP'S 2, paper sets the tone again, naturally, sustainably and elegantly. The 300g/sqm of paper that unfolds on the wall comes from the Büttenpapierfabrik Gmund. The filigree paper lamp is attached to the wall in a few simple steps. The concealed light source can be replaced by the user himself. The colourless cable supports the spontaneity of this lamp. Thanks to its versatility, it can be used not only in private environments, but also in all other homely areas.

**Light source**

Socket GU10, suitable for bulbs of the energy efficiency classes A++ - A+. Bulb not included.

**Technical data**

For 100 - 240 volts.

**More info**

With colourless cable and dimmer switch. Available since July 2019. The paper from the company Gmund, which is based at the Tegernsee in the Mangfalltal, is produced since 1829 with pure spring water, which originates at the mountain above the factory.

**Colours**

white
