The hedges of the copper tops is not enameled, to allow the material to oxydize over time, as it is intrinsic in its nature, passing from a bright red colour to an intense brown, up to the classic oxide green.

The Esmal enamelling is obtained by Alessandra Malfatti with manual production techniques that make each top different from the others, unique and exclusive

Awards: the series Ivy has been selected for the ADI Design Index 2014 and won the GOOD DESIGN AWARD 2013 in the interior furniture design category.
