

## Noctambule F1 Low Cylinder Small Base - Specification Sheet

by Konstantin Grcic, 2019

|                                   |  |
|-----------------------------------|--|
| Mounting                          | Free Standing  |
| Lamp (Bulb) Description           | 18W 485lm -2700K - CRI 90  |
| Environment                       | Indoor - Dry Location  |
| Technical and Product Description | <p>Noctambule, created by renowned designer Konstantin Grcic for FLOS, is an innovative lighting system that comes in an array of artful designs. A transparent hand-blown glass cylinder, surrounded on both top and bottom by discrete LED technology, is the foundation of this product. The fixtures built from these units form columns of light at varying heights that illuminate at the intersection between each module.</p> <p>Configurable as a hanging or standing lamp, Noctambule features additional components that allow for numerous options. The cylindrical body is available at a low and high height, and a dome- or cone-shaped head can be selected if a more direct light source is desired. Dimming capabilities can be configured in the power supply unit within the ceiling rose, or as a pedal-operated panel on the power cord.</p> |
