## HANS J. WEGNER

CARL HANSEN & SØN

### DESCRIPTION

Hans J. Wegner designed the CH162 sofa in 1965. It was relaunched in 2013. Despite a geometric appearance the sofa is soft and comfortable with raised sides. This 2-person wood based sofa exhibits how Wegner often highlighted functional details such as the enlarged cover caps in the armrests, made larger for decorative reasons.

### PRODUCTION PROCESS

The frame is bent and welded together. Then it is polished and assembled by hand. The chair consists of molded foam and is then upholstered by hand.

### DESIGNER

Danish architect Hans J. Wegner (1914-2007) is considered a pioneering furniture designer of the twentieth century. Often referred to as the master of the chair, Wegner created almost 500 in his lifetime – many of them considered masterpieces. Wegner was part of the spectacular generation that created what is today referred to as 'the Golden Age' of modern Danish design.
