

MG501 | CUBA CHAIR

MORTEN GØTTLER

CARL HANSEN & SØN

DESCRIPTION

The MG501 Cuba Chair, designed in 1997 by Morten Gøttler, takes extra seating to a new level. It is an ideal balance of form and function while elevating the folding chair concept. It features excellent support combined with sophisticated craftsmanship.

DESIGNER

Morten Gøttler (born in 1944) eventually focused mainly on design, using an approach rooted in the modern Scandinavian design tradition and the strong belief that innovation is the foundation for successful design. The elegant Cuba Chair is a good example of this, balancing form and function.
