

# Estendo 091 Coffee Table

Design Luca Pevero

Technical Information

Its linear design and extensible modularity promote the flexibility of an elegant, highly functional sofa. ESTENDO is a new line of seating. In all simplicity, it unites straight lines and curves thanks to disappearing joints in the aluminium frame that holds the cushions. The seats of the armchair and sofa are welcoming and commodious. Modules with or without armrests are available in different configurations, including corner elements. A very comfortable set that adapts to the space and extends harmoniously.
